DEAR GRADUATE,

Congratulations on your graduation! After all this effort, you deserve some time to enjoy this great achievement. But maybe you are already thinking about your future endeavors, and what your life will look like a year from now? Will you enter the labour market or will you continue your studies? And how will you look back on your education a year from now? Your college is very interested in this and invites you to participate in the Fine Art Monitor next year!

WHAT AND WHY?

The Fine Art Monitor is a study among arts graduates which has been conducted for many years. The Fine Art Monitor is part of the nationwide HBO-Monitor, and has a specific focus on arts education. It is a tool to determine the (labour market) positions of graduates, and to find out to what extent they have obtained the required knowledge and skills. This information is important not only for your college, but also for future students. It can help them with their study choice!

WHEN AND HOW?

We will ask you to participate in the Fine Art Monitor in the autumn of 2026. You will receive an invitation with a personal link to an online questionnaire. Also, in this invitation you will find further information about the study.

MORE INFORMATION?

To give you an idea of the content of the study, we include some results from 2024 on the next page. Results are based on information of those graduated in 2022/2023 and shown for both arts graduates as well as all other HBO graduates. Do you have any questions regarding this letter or the Fine Art Monitor? Do not hesitate to contact the researchers at ROA via b.belfi@maastrichtuniversity.nl

We hope we may count on you next year!

Sincerely,

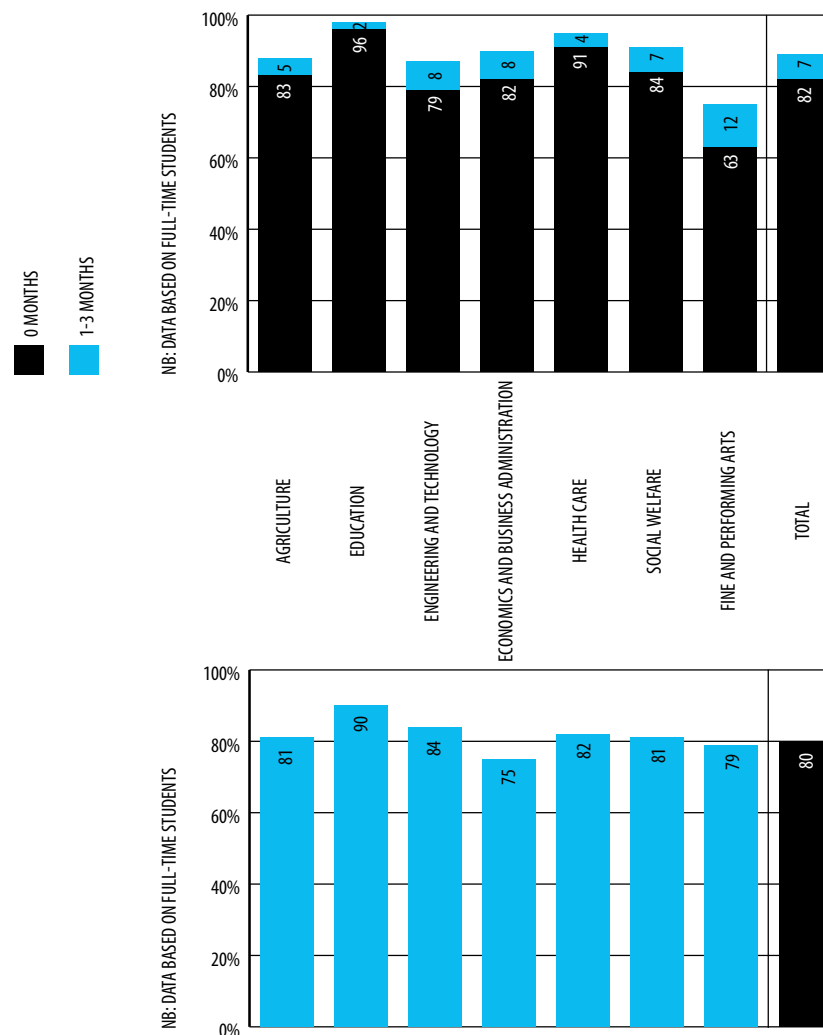

Barbara Belfi
Project leader Fine Art Monitor / HBO-Monitor
